sallow complexion.

If you would have the roses brought back to your cheek, a clear, healthy and transparent skin, and life and vigor infused through the system, get a bottle of Carter's Spanish Mixture, and take it according to directions. It does not taste quite as well as your sweetmeats; but, if after a few doses you do not find your health and Beauty reviving, your step elastic and vigorous, the whole system refreshed and in. vigorated like a Spring morning, then your case is hopeles; and all the valuable cer. tificates we possess, go for nought. It is the greatest purifier of the blood known; is perfectly form'ess, and at the same time powerfully efficacious.

PITTE STOMACH PREPARES THE clements of the bile and the blood; and if the does the work feebly and imperfectly, liver disease is the certain result. As soon, therefore, as any affection of the liver is perceived, we may be sure that the digestive organs are out of order. The first thing to be done, is to administer a specific which will net directly upon the stongach—the main-pring of the animal machinery. For this purpose we can recommend Hoofman's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia.—Acting as an afterative and a tonic, it strengthens the digestion, changes the condition of the blood, and thereby gives regularity to the law-cls.

This preparation is getting into use all over our country. The numerous letters we receive from our various agents, informing us of cures effected in their immediate neighborhoods, warrant us in saying it is one of the best, if not the very best cough medicine now before the public. It almost invariably relieves and not us requiredly cures the very worst cases. When all other cough preparations have failed, this has relieved the patient, as Druggists, dealers in medicines, and Physicians can bestiff. Ask the Agent in your nearest teven, what has been his experience of the effects of this medicine. If the has been selling it for any length of time he will tell you it is the best medicine extant.

Below we give a few extracts from letters we have received lately regarding the virtues of this medicine.
